Dear Pint size Hero,

Thank you for donating blood I bet it's going to save a life and if it doesn't soon it will someday. I'm going to donate blood when I get older also. My aunt had to use blood for her operation on her stomach. My mom is scared of needles so she said no but, my dad said he might. When I get older I'm going to be a pint size hero to some day. I just want to thank you again for donating blood.

Sincerely,
Tatum K.

Dear friend,

Thank you for giving blood and saving lives. Donating some of your blood is a good way to help save other people's lives.

Giving blood is an important thing to do because there's a lot of people that have bodies that aren't strong enough to make blood on their own.

I'm certain that whoever you give your blood to they will really appreciate what you've done for them.

Sincerely,

Andrew M.
