GOD ROCKS AT THE INN AT ONU

Handmade bracelets, necklaces and plaques created by God Rocks are now offered in The Inn at ONU gift shop, Ada.

Connie Grashel from Portage, Ind., is the artist behind the creations. Although not from Ada, she has a niece who attends ONU and a cousin employed at ONU.

Carrying a religious theme, the items are meant to be carried as a reminder that God is our rock and our salvation, says Grashel.

“When things get tough they are a reminder that God is there for us,” she said.
