

NIGHT LIGHTS ON CAMPUS

Ohio Northern University

Photo essay by Ken Collins

Night lights on campus

The Ohio Northern University campus is suddenly quiet. No students walk the paths, talk on their cell phones, park themselves at Northern on Main, or the library, or the gym, or in their dorm rooms.

It's spring break. Ken Collins made his own spring break project - he took advantage of the empty campus to photograph it by night.

Here's what he found.
